

NEW STYLE NEBOSH General Certificate

Overview

The NEBOSH National General Certificate will give you invaluable knowledge and skills and a globally respected qualification that supports your current role and your long-term career.

The new syllabus looks at what you know and what you can do and the assessment process now only consists of 1 written exam and practical application.

- One question paper that assesses what you know
- A practical risk assessment that assesses what you can do.

These qualifications are widely taken as a first step towards a career in health and safety and are accepted by IOSH – the Institution of Occupational Safety and Health – in meeting the academic requirements for Technician Membership of IOSH (Tech IOSH).

Who should attend

Ideal for managers, supervisors, or anybody with health and safety management responsibilities
Perfect for those embarking on a health and safety career – 87% of UK HSE vacancies ask for a NEBOSH qualification

After this course you will...

- Justify the need for health and safety improvements;
- Advise on duties under the main pieces of UK health and safety legislation;
- Help their organisation to manage contractors;
- Work within a health and safety management system;
- Positively influence health and safety culture and behaviour;
- Carry out a general risk assessment (using a 5-step approach) of their workplace;
