

Paediatric First Aid

Overview

This 12 hour course provides delegates with the essential skills required to carry out first aid necessary to sustain life until someone more qualified arrives to take over. This interactive and practical course places emphasis on understanding the principles of ill or injured children from birth to teen years. The balance between practical and theory work is aimed at encouraging enthusiastic participation.

The course material and handouts are used in conjunction with the Health and Safety (First-Aid) Regulations 1981, associated guidance from the Health and Safety Executive (HSE). It is also in line with the Statutory Framework for the Early Years Foundation Stage (EYFS) and meets the needs of Ofsted

Who should attend

It is suitable for Childminders, Nursery and School staff (dealing with Foundation Stage) and anybody who deals with children and wants a more in-depth course

After this course you will...

- Delegates will develop
- awareness of the relevant regulations
- skills to assess, treat and follow up incidents
- ability to treat a range of accidents and provide emergency temporary medical care until a more qualified person arrives
- understanding of the recording and reporting process
- knowledge and skill to act as the 'Paediatric first aider' for your place of work
